Where Plagues Start.

There are four epidemic centers of bubonic plague—that is, localities where the disease is always present and from which seed may be derived for an extensive outbreak in other parts of the world. One of these epidemic centers is in Mesopotamia, two are in the regions of the Himalayas and the fourth is located in Uganda, Africa. The fight against plague is necessarily a fight against rats and their tenants, the fleas.

They have been making a big noise haven't they?

EDITORIAL FLINGS OF THIS THAT 'EN TOTHER

The domestic servant is individually and effectively organized against reduction of wages or a hypercritical attitude upon the part of the employer.

A Paris merchant who has been stung pretty often made this doleful remark the other day: "When Moses wrote the Ten Commandments there were no bad checks in circulation."

When the game is on
And your friends are about,
And you could put your rival out,
By a trick that's mean,
But wouldn't be seen,
Come clean, my lad, come clean.

"Judgment," "recommend" and "allege" are the most difficult words in daily use for the average person to spell, according to educators at the University of Pennsylvania. They say this has been determined by the study of more than 1,400,000 spelling in eighty-four cities.

We are not informed as to whether the hue and cry after the landlord actually bore results in the intended place, but we take note, with much satisfaction, that, rather than pay those exorbitant rates, a number of Paris people are building or contemplating building, nice homes for themselves and families.

The news that the tariff on imported rouges and face powders will double the price would be more discouraging were it not that nearly every consumer would look much better if she were to cut consumption of those camouflages fifty per cent.

The Anti-Cigarette League discovers that tobacco smoke contains prussic acid, acrolein, carbon monoxide and various other ingredients as dangerous to life and health as the well-known nicotine. The announcement will be read with interest by the millions of Americans who daily take this fatal dose and live to tell the tale!

A film shown at the Grand Opera House, Saturday night bore the title, "What Women Want." The title set the audience, or at least many of the masculine gender to wondering if there was anything women didn't want—and generally get. We know that's ancient history, but just had to take a fall out of that title!

In our youth we grope rather blindly. Experience comes slowly. With age comes wisdom—real knowledge of life. Youth is usually impulsive. Age, remembering scalded fingers, is conservative. The two, working together, make the happy medium. Nature can make your joints stiffen and your arteries hard and your face lined with wrinkles. But your brain—your real self—can defy age.

REAL ESTATE DEALS

Mr. and Mrs. Robert M. Griffin sold last week through the real estate agency of Harris, Speakes & Harris, their one-story frame cottage, located on Cameron avenue, in White Addition, for a price not given out for publication. The property was purchased by Mr. and Mrs. E. F. Sheeler, formerly of Millersburg, who have been residing in Beaumont, Texas. Mr. and Mrs. Sheeler now own the entire block of ground bounded by Cameron Avenue, St. Elizabeth street and Fifth Avenue. They will remodel the Griffin home and will build a modern cottage on one of the lots, facing on Cameron street.

The home of the late Mrs. Hattie Hutchcraft Hill, located on East Eighth street, in Thornton Division, was sold at public auction Friday by Auctioneer M. F. Kenney, for Mrs. Bessie Wilson Mann and Mrs. Virginia Adams, for the purpose of effecting a settlement between the parties at interest. The bidding was lively. Mrs. Annie Prichard Brown, of Paris, being the purchaser at \$2,400. Mrs. Brown will probably occupy the cottage as a home.

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.
HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.
All Druggists. Circulars free.

CHURCH TURNED INTO THEATRE

The Idle Hour Theatre has completed a transaction whereby it will get immediate possession of the Northern Methodist Church on Mt. Vernon street, in Somerset. The moving picture theatre will be operated there until the owners construct a \$10,000 building on the lot adjoining the church. The congregation will worship in the Circuit Court room until they complete the new \$10,000 community church on which they are now at work.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor. Read this statement.

Mrs. John Mastin, 1439 High street, Paris, says: "I have used Doan's Kidney Pills with very good results, for while I have never had any serious kidney trouble, I can tell by the help they gave me that they would be beneficial for kidney trouble. I had a dull aching across the small of my back and my kidneys acted irregularly. The use Doan's Kidney Pills with very good these complaints and I have faith enough in them that should I ever need a kidney remedy I would certainly use Doan's Kidney Pills."

Mrs. Mastin gave the above statement November 9, 1916, and on November 13, 1920, she added: "I still have the same good opinion of Doan's Kidney Pills as when I endorsed them before and I use them occasionally when I require a kidney tonic. They never fail to do me good and I am always telling my friends of the merits of Doan's."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

BOURBON FARM CONDITIONS

Bourbon county farmers have spent a busy week, most of which was consumed in cutting the tobacco crop. Good weather prevailed throughout the week, and the growers have been having good success with the housing of the tobacco crop.

By far the greater part of the tobacco is yet to be housed, but the work is going forward rapidly, and the good weather of the past week has aided the weed greatly. If the present spell of good weather continues tobacco knives will be busier than ever. The tobacco is curing up well.

The farmers have been very busy with breaking land for fall seeding, and the ground is said to be turning over in fine shape. A great deal of land has been broken and the work is going forward at a nice rate. In indications point to a small wheat crop this year.

The corn crop is maturing rapidly, and the late corn is showing remarkable improvement, with a good yield expected. Cutting and shocking and filling silos has been in progress for several days.

Late garden truck and vegetables are now on the local market in abundance, and the many vegetables are making up in a measure for the shortage of fruit, occasioned by the late frosts of last spring.

Lowest Prices Ever Quoted on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.
